

Rabbit Grower Workshop

Wednesday March 24, 2010

Stratford Agriplex
353 McCarthy Rd
Stratford, ON, N5A 7S7

Workshop Agenda:

6:30 pm *Registration and Refreshments*

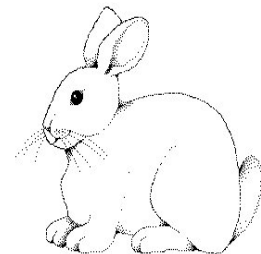

7:00 pm **What Are The Nutritional Requirements of Rabbits at The Different Stages of Production?** Presented by: *Amy Halls, Shur-Gain (Nutreco)*

Feeding rabbits can be a challenge. Understanding the nutritional requirements of rabbits throughout the growing cycle will help you, the grower, to better understand what it is you are trying to achieve with your feeding program. Do I need to have different rations for each stage of production? Amy Halls, a nutritionist with Shur-Gain (Nutreco), will help us understand the nutritional requirements of rabbits

8:00 pm **Cost of Production (COP)** Presented by: *Brian Tapscott, (OMAFRA)*

Whether you are a new rabbit grower or a seasoned veteran, you will benefit from this COP exercise. Brian Tapscott, an Alternative Livestock Specialist with OMAFRA, will walk us through the COP worksheet. Bring your production numbers (to the best of your knowledge) to make the most of this exercise.

9:00 pm *Adjourn*

Pre-Registration is required for this grower workshop, as space is limited. Please fill in the attached registration form and send it back to the Ontario Rabbit office to reserve your space today. If you know a rabbit grower who would benefit from this workshop, please forward the information on.
